

## YOUR COMPLETE IT DEPARTMENT

**InhouseCIO**  
The IT Department for Small Business

Imagine a fully staffed, fully trained and experienced IT department working for your small business – for a flat monthly fee. Small and medium sized businesses are looking for a proactive solution to meet their IT needs to keep costs low and run at peak performance. Businesses today are tired of the troublesome, reactive “if it breaks, we’ll fix it” approach which can be very costly.

InhouseCIO’s proactive solution provides you with an assigned, dedicated team giving you access to unlimited IT support. InhouseCIO monitors your IT infrastructure 24 hours a day 7 days a week. Our dedicated team will provide you with exceptional and unlimited IT services that make us one of the best and most unique in the industry.

- ▶ **Proactive Preventative Maintenance:** avoids IT failures before they happen and improves computer, server and network performance
- ▶ **Flat Monthly Fee Plans:** eliminates the high costs of IT crises and enables proactive IT budgeting
- ▶ **Dedicated Team led by a CIO:** your own assigned Chief Information Officer leading the team - your CIO becomes your trusted and strategic technology advisor
- ▶ **Network & Server Support:** monitors your network and servers in real time 24/7 to prevent and minimize IT downtime
- ▶ **Computer Support:** optimizes computer performance and enhances computer security and stability

*“This is a strong testimonial for InhouseCIO. Kristin, Gus and Kal are one fantastic team. They work together in a seamless fashion to provide real tangible value on a timely basis. We have called out for their help on short notice many times and they have always been there to solve our problem. Sometimes our needs are pretty basic, but other times they are more complex. It doesn’t matter to these folks. They have very strong technical skills and they always provide impeccable customer service. I can’t tell you how much peace of mind we enjoy knowing InhouseCIO is watching our back.”*
